Eaton & Magnuson TVS & M-series superchargers

Supercharger service request order

Always include a note in the box with your supercharger. This should include your contact details, vehicle and supercharger details, along with other important notes such as possible repairs needed and optional choices you are considering. Answer the following questions as completely as possible. These details will be confirmed once the supercharger has arrived. Print this form out and include it in the box to include the basic details needed to start the supercharger's check in process upon arrival. You will be contacted once it arrives to confirm the receipt of the package.
